

Hello and welcome to our very first ministry newsletter!

Generation Builders exists for one purpose – to reach this generation with the Gospel of Jesus Christ. We believe in the good news that Jesus has been crucified, resurrected and glorified and that through His Name, His Blood and the power of His Holy Spirit, people can be saved, healed, delivered and empowered to a live a victorious life and fulfil the purposes of God in their generation. Thank you for reading this newsletter which gives you a little taste of what we've been up to, and what is coming up over the coming months. For a fuller overview of the ministry please visit our website or social media pages.

May God bless you richly
Evangelist Andrew Murray

UK Ministry

Already in the first half of 2014 we have been busy ministering in various churches throughout the UK. Generation Builders have ministered at City Life Church, Sheffield; Edenthorpe Pentecostal Church, Doncaster; Kings Lynn Christian Fellowship, Norfolk; Radical Church, Norwich; City Vision Church, Hull; Hollybush Christian Fellowship, Thirsk; and Father's House, Wath-Upon Dearne. God has also opened up the doors for us to minister outside our usual Pentecostal denominations with ministry opportunities in two Church of England fellowships in Barnsley – Saint John the Baptist and Saint Georges. It was wonderful to worship alongside our Anglican brothers and sisters and experience God's Holy Spirit moving and touching lives. Please pray for God to keep opening up doors throughout the UK and join with us as we believe that Europe and the UK shall be saved!

God's Fire Falls In Hull

In July and August this year I ministered at two conferences in the city of Hull and God did wonderful things in both events. In July I spoke at the Revival Nation conference "Inferno". Revival Nation is the youth ministry at New Life Church, Hull. I did some day time teaching and then in the evening spoke a message called "The Furnace of Divine Love". Many young people responded and the fire of God's Spirit fell as the love of God was revealed to people. In August I spoke at the "Revealing Jesus" conference at Threshold Church in Hull. I spoke in two sessions, a seminar on "Moving In The Miraculous" and then an evening event where I brought a message entitled "The Company of the Unveiled". God moved in a mighty way with so many people broken at the altar and being set free from the veils that stop us from seeing Jesus. In September I am preaching at a revival conference in Northampton where we are again believing for God to move.

United States Ministry

In March I spent just over a week ministering in several churches in the USA including a bumper crowd of over a thousand people at Solid Rock Church in Ohio where hundreds responded to the message and came out for prayer. We were based with Pastor Cleddie Keith at Heritage Fellowship in Florence, Kentucky and I ministered at their Friday night River meeting as well as their spiritual emphasis week among their high school students. God moved powerfully in the school with many students giving their lives to Christ and many others encountering the Holy Spirit. Elsewhere during the trip, we had a powerful move of God at City On A Hill Church in Cincinnati and a great morning at Christian Assembly, Madisonville, where healings and salvations took place. Following the meeting in Madisonville, we had the honour of being part of the Shake the Nations ministry team as Evangelist Nathan Morris was preaching at a nearby Church. We look forward to returning to America in 2015 for further ministry.

Healings and Prophecy

We always want to give God the glory for any healings and miracles that we see in meetings. Testimonies not only honour God, but also inspire people's faith to believe for their breakthrough. At the start of the year, we prayed for a lady in Norwich who had had fibromyalgia for twenty years and was in so much pain she couldn't even walk to the front for the ministry time. Well praise God, after receiving prayer at the back of the hall she was instantly healed and a week later went horse riding, something that had been impossible for her before! Glory to God! At Hollybush in June, I heard the testimony of a lady I had prayed for three years previously. She said that in 2011 I had given her a prophetic word that had made her quite angry because she thought it was too obvious and simple! But, since that night she had gone through some very dark circumstances, and had often been reminded of that simple prophecy. She told me with joy and thankfulness that that word had sustained her through some very difficult times and saved her from falling away. We serve a faithful God! They are just two of many lives we have seen God impact already in 2014 and we give Jesus all glory. Truly the blood has lost none of its power!

Coming Soon....Argentina 2015

In March 2015, Generation Builders will be sending a team to the nation of Argentina for nearly three weeks of ministry. This will be the longest short term mission we have ever done but we are expecting a great impact as we minister in the city of Cordoba and then move into the more rural mountainous regions of Cordoba province. We fell in love with the people of Argentina during our first visit in 2012 and we are believing God for a mighty harvest of souls and for revival fires to spread as we preach in various churches and conferences. Please pray for this mission, for God's Spirit to work in power. If you would like to give financially to this mission then please visit our website:
www.generationbuilders.org

Coming Soon....Baby Murray!!!

Myself and Laura are delighted to announce we are expecting our first child! Baby Murray is expected on October 19th 2014. Prayers are appreciated for a safe delivery and happy, healthy child!
